Delhi/NCR, September 24, 2026 - Resurgent ESG Services Private Limited (Resurgent ESG), a wholly owned subsidiary of Resurgent India Limited and a SEBI-registered Category-II ESG Rating Provider (ERP), has assigned an ESG rating to Network People Services Technologies Limited (NPST). The ESG score assigned to **NPST based on data for FY 2025-2026 stands at 72.9, which corresponds to an ESG Rating of A+, placing the company within the 'Leader' category.**

Demonstrating sustained ESG excellence, NPST advanced from an A to an A+ ESG rating in its second year, reflecting continued improvement in its ESG performance.

NPST, one of the country's leading digital payments and transaction processing companies, has been evaluated through Resurgent ESG's rigorous and comprehensive ESG assessment framework. The rating reflects the company's current ESG profile, measuring the impact of its technology-driven business activities on the environment and society, as well as the strength of its governance practices in supporting a secure and inclusive payments ecosystem.

Commenting on the importance of ESG ratings, **Mr. Sanjeet Kumar, Director, Resurgent ESG Services Pvt. Ltd.**, said, "For companies such as NPST, ESG ratings provide an important measure of the strength and maturity of its sustainability practices. A strong ESG performance reflects robust governance, responsible technology and data management, operational resilience, and a commitment to stakeholder trust. As businesses increasingly operate within a technology-enabled financial ecosystem, ESG considerations are becoming essential to strengthening customer confidence, supporting responsible innovation, and enhancing long-term value creation. ESG ratings also help companies demonstrate their preparedness to meet evolving regulatory expectations, including SEBI's BRSR framework. For NPST, continued progress in ESG performance reinforces its commitment to building a resilient, responsible, and future-ready institution that contributes to sustainable and inclusive digital growth."

Resurgent ESG's rating methodology goes beyond publicly available disclosures, incorporating direct engagement with key stakeholders within the rated entity. This approach ensures that the ratings consider both quantitative and qualitative factors, providing investors and market participants with a reliable view of the entity's sustainability profile and future outlook.
